

DISHCOVER

Tired of endlessly searching for restaurants that fit your mood and budget? 

Our app finds the perfect match for you with personalized recommendations, making dining out easy and enjoyable! 

1

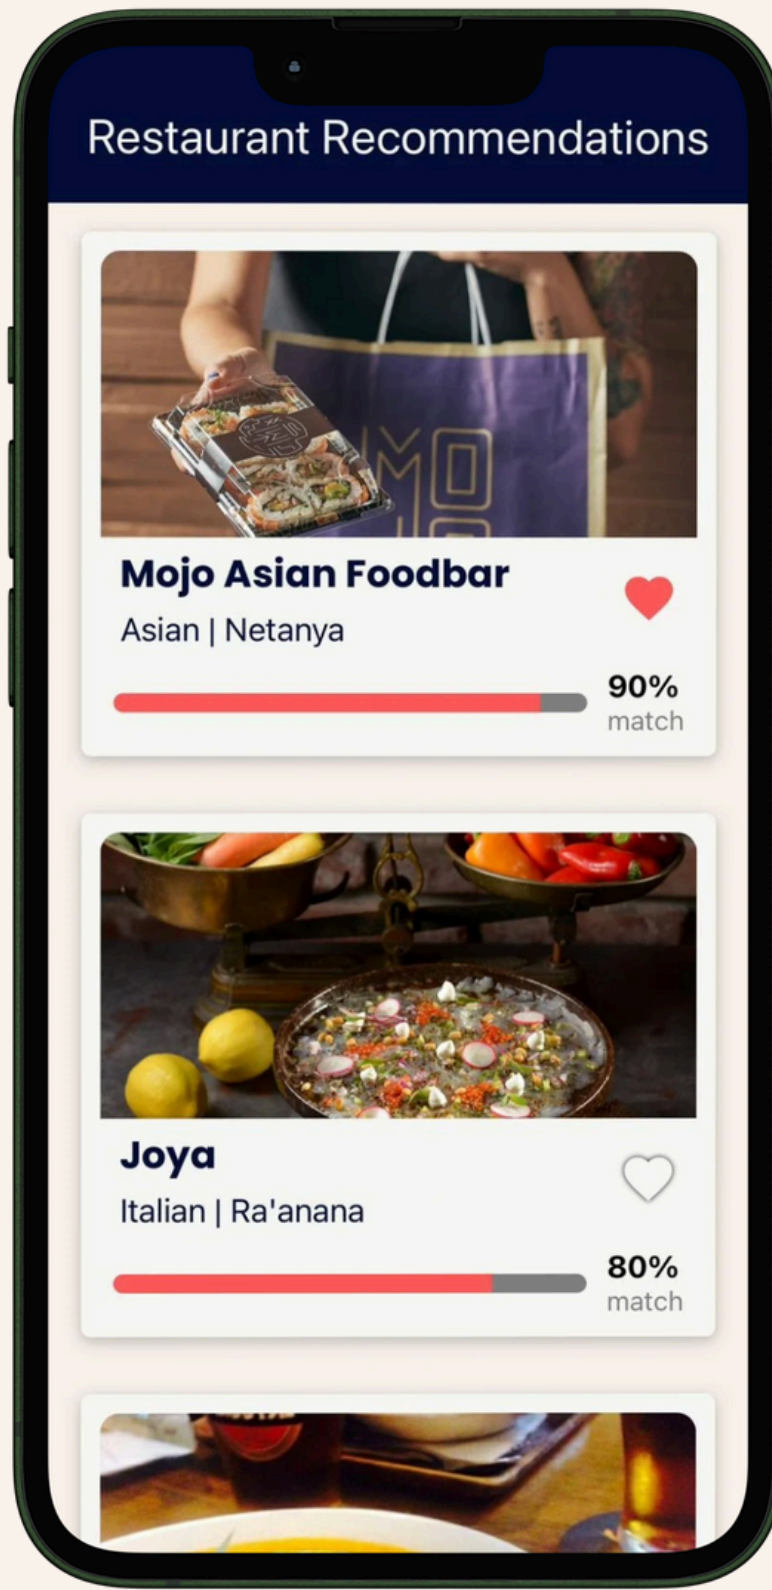

Register and share with us places you've been at and places you wish to visit, by simple copy-paste or a swipe feature.

2

Request personalized restaurant recommendations based on past experiences or specific criteria.

3

AI delivers restaurant suggestions, showing each with a matching percentage tailored to the user's preferences.

4

Add recommendations to a Wishlist, write reviews, and help the app improve future suggestions.

RAG(Retrieval-Augmented-Generation) and VectorDB
